

CRASH INJURIES CAUSE DEATH OF WM. H. PLANK, 62

William H. Plank, 62, Gettysburg, died at 6:50 o'clock this morning of injuries received, Dr. C. G. Crist, county coroner, said, in an auto accident last Tuesday evening.

Cause of the death at the Warner Hospital was listed tentatively by Dr. Crist as a ruptured spleen, fracture of the leg and internal injuries of the chest. However, a post mortem examination is being made. Mr. Plank had believed his injuries consisted only of a laceration of the face and bruises of the body and both knees when he crawled out of his car after it smashed into a tree one-fourth mile west of here along the Lincoln highway at 6:30 p.m. Tuesday, December 28.

When it became apparent that he had suffered more serious injuries internally, he was removed to the Warner Hospital Sunday evening and an operation was planned.

CARL DINUNZIO GETS JAIL TERM FOR ASSAULT

Carl Dinunzio, Boverstown shoe repair materials salesman, was sentenced by the Adams County court this morning to 60 days to one year in the county jail on a charge of indecent assault and battery. He was also directed to pay the costs.

Dinunzio was found guilty by a jury at the November term of court, but sentencing was delayed pending a study by the court of reports on the health of Mrs. Dinunzio. This morning the court said it had made such a study, but because of the nature of the case, it could not withhold giving of a prison sentence.

Earl Shultz, 51, Oortanna R. D. was sentenced to 30 days in jail for contempt of court because of failure to keep current payments on a support order.

John H. Hansen, 50, Baltimore, was sentenced to 30 days in jail and was ordered to pay the costs and \$50 for the use of the county on a charge of operating an auto while under the influence of intoxicants.

Sentence Withheld

REVERSE CALL WORKS FASTER

Trans-Atlantic telephone calls can be made more easily from Germany to the United States than from the U.S. to Germany, Mr. and Mrs. Cletus S. Mayer, 38 E. Water St., learned at 4 o'clock New Year's morning.

Mr. and Mrs. Mayer planned to surprise the latter's brother-in-law and sister, Capt. and Mrs. James E. Allen, at Frankfurt, Germany, with a telephone call New Year's day.

At 7:50 o'clock New Year's eve they placed a long distance call to Germany. They were informed that there would be a delay until January 7, because of the backlog of calls. They wired the Allens to be at home on that date and asked them to send their telephone number by airmail to expedite the call.

At 4 o'clock Saturday morning the Mayers received a call from the Allens.

Capt. Allen said he had their wire and wondered if connections worked faster the other way around, and whether a surprise planned in the U.S. couldn't work just as well when attempted from Germany.

ARENDSVILLE SHORT ON RAIN

The 3.18 inches of rain the Arendtsville weather station measured in December left it 10.71 inches short for the year. Only 32.21 inches of water fell in 1954. Normal there is 43.52 inches.

The annual report of Frank N. Hewitson, volunteer observer there for the U.S. Weather Bureau, shows that January and December were the gloomiest months of the year as determined by the hours of sunshine. December received only 24 per cent of the "available sunshine"—the amount it would have received if each day had been clear from sunrise to dusk. January was next with 26.6 per cent. The sun shone 69 hours and 45 minutes in December and 76 hours and 50 minutes in January.

July was the sunniest month and received 74 per cent of available sunshine or 340 hours. Percentages for the other months follow: February, 40.1; March, 45.3; April, 47.3; May, 58.6; June, 61.6; August, 47.7; September, 52.7; October, 34.6, and November, 31.5 per cent.

December's 3.18 inches of rain was 0.16 inches short of normal and almost an inch below the figure for December of 1953.

December's average temperature was 31.45 degrees which is 1.04 degrees above normal but 4.3 degrees below that for last December. The average daily high reading was 39.45 and the average low was 23.45 degrees. The warmest day of the month was the 28th when the mercury climbed to 56 degrees. The coldest was December 21 when the low was 12 degrees.

Eisenhower Regime Fires 8,008 As Security Risks

WASHINGTON (AP)—The Eisenhower administration reported today the number of persons it has dropped from the federal payroll and classed as security risks has reached 8,008, of whom 2,096 had "subversive data" in their files.

Of the total, 3,002 were listed as fired outright and 5,006 as having resigned before final determination of their cases. The total represented about one third of one per cent of the approximately 2,317,000 federal workers.

This new report on operations of its controversial security program was issued by the administration just two days before the convening of the new Democratic-controlled Congress, which promises to give the operation close scrutiny.

Many Democrats have challenged the figures, calling them a "hoax," and a "numbers game." Sen. Olin D. Johnston (D-SC), in a letter to the Senate Post Office and Civil Service Committee in the new Congress, has said that group will conduct a full inquiry.

'54 WAS THIRD DRIEST YEAR IN HALF CENTURY

Fall rains brought some relief from the severe summer drought in 1954 but left the year 8.24 inches below normal on rainfall and made it the third driest year here in a half century.

Only 1941 and 1930 had less rainfall. In 1941 the total was 27.66 inches and in 1930 it was only 23.63 inches. The 1954 total was 32.88 inches but normal is 41.12 inches.

There was a wide spread of temperatures—from 3 above zero to a high of 101—but the year did not set any heat records in spite of the fact that 10 of the 12 months were warmer than normal.

Most Months Warm, Too Dry

Only March, August and October got more rain than normal while the other months piled up big deficits. Farthest below normal was June with only .95 inches which is 2.83 inches below normal.

"WINTER NIGHTS"

When the wind is moaning softly... through the barren arms of trees... and the air is cold and bitter... causing all the land to freeze... it is best to close the storm-door... cuddle by the fireside... drink in all the solid comfort... that the glowing logs provide... watch the flames that gaily flicker... casting shadows on the floor... drift in dreams to warmer climates... then how could you ask for more... view the landscape through a window... polka-dotted by the snow... what a way to spend an evening... rocking gently to and fro... radio or television... makes the evening more complete... and it's good not to be bothered... by the snow and icy sleet... pity those who must go forward... through the wind and cold that bites... those at home are truly lucky... to avoid the winter nights.

verse: "All those who will come unto me, let him deny himself and take up his cross and follow me." The conditions as outlined by Dr. Sassaman for discipleship included "the invitation from God, not the demanding that one follow Him; the individual must deny himself of everything inconsistent with Christian life; one must assume the badge of Christianity which is the cross of Christ and one must follow in His footsteps with purity of character, forgiveness of enemies and benevolence of life."

The service was conducted by the Rev. David S. Kammerer, pastor of the host church, and he offered prayer and read the Scripture lesson, Mark 8, beginning with verse 27. There was a responsive reading of the First Psalm and an advent anthem was sung by the Intermediate Choir of St. Paul's, under the direction of Robert B. DeGroot. Mrs. Winfield A. Lippy, church organist, presided at the console throughout the worship.

Tonight, 7:30 p.m., the service will be in charge of the Rev. William C. Karns, pastor of St. John's Lutheran Church, and president of the Littlestown Ministerium, which organization sponsors the mission. The sermon subject this evening will be "What Is A Christian?" Tuesday,

Kennedy, York Springs R. 2, who died Friday evening, will be held Tuesday at 2 p.m. at the Hampton Lutheran Church conducted by the Rev. Norman Bortner, York Springs, assisted by Jack R. Gardner. Interment in the Wierman plot adjoining the Hampton Cemetery.

Mrs. Kennedy was a graduate of Gettysburg High School and received her bachelor of music degree from Lutherville Teachers' College in Maryland. The Pittenturf Funeral Home, York Springs, is in charge of arrangements.

Many of the "subversive data" cases were outright firings and how many were resignations while under investigation.

The 8,006 total of those who were fired and those who resigned while still under investigation compared with totals of 2,486 and 6,926, respectively, in the two earlier reports.

The figures were not strictly comparable because, unlike in previous reports, the one issued today did not include figures for the super-secret Central Intelligence Agency.

CIA Figures Secret
"It has not been deemed in the public interest to release statistics for the Central Intelligence Agency," the report said, "and figures pertaining to that agency are not included in this report."

The last previous report listed 75 persons dropped from the CIA rolls, one listed as fired and 74 as having resigned. All 75 were classified in categories other than "subversive data."

The report issued last March did not include figures for the Defense Department.

Today's report said the 2,096 listed in the "subversive" classification represented persons "whose files contained information indicating, in varying degrees, subversive activities, subversive associations or membership in subversive or Department."

Sex perversion was listed in the cases of 655 persons dropped from the federal payroll, felonies and misdemeanors in the cases of 2,649 and "all other" grounds for dismissal in the cases of 4,417.

These figures, with the 2,096 listed for "subversive data," add up to more than the total of 8,006 because, the commission said, "an employee might have in his file information falling under more than one category"—this is, he might be both a subversive and a sex pervert.

The Army was listed as having the greatest number of cases—357—in which there was "subversive information." Other agencies with more than 100 included the Navy, 294; Air Force, 284; Post Office, 276; Veterans Administration, 266; and Interior Department, 110.

The number of such cases listed for the other Cabinet rank departments included Agriculture, 32; Commerce, 14; Health, Education and Welfare, 62; Justice, 59; Labor, 18; State, 78; and Treasury, 48.

No "subversive data" case was listed for the White House, which had only one security separation—a firing listed under the category of "all other" grounds.

The Civil Service Commission has said it plans to make public quarterly reports on the operation of the program.

These words were contained in the pontiff's delayed Christmas message to the world, in which he urged the divided world camps to seek peaceful coexistence.

LONG BEACH, Calif. (AP)—The Coast Guard reported today the plane of Diana Bixby, noted woman flier missing since yesterday, has apparently been sighted in the Gulf of California, about 150 feet from the eastern shore of Baja California, Mexico.

could be seen for several miles. Firemen were praised for their work. The Mt. Taber road was used as a "detour" route.

Investigation into the cause of the fire continued today. Major Dudy said the fire apparently started in the northeast end of the barn. At least, that is where the fire was visible when he first noticed the blaze, he said. That location was some distance from any wiring, firemen said.

Mrs. Dickson said the barn "could not be replaced as it was." It was constructed many years ago of heavy oak and chestnut wood.

The loss was partially covered by insurance.

COMPETITION IN PA. SCHOLASTIC LOOPS STARTS

HARRISBURG (AP)—The reopening of school following holiday vacations today marks the end of exhibition play and the beginning of conference competition for most Pennsylvania scholastic basketball teams.

Eleven major quintets undefeated in five or more December starts lead the way into the second month of the four-month 1954-55 season that ends with the crowning of a state champion March 26.

Only four of some two dozen big leagues began conference schedules last month. One, the Lackawanna, starts tonight while eight others observe the official opening of league races tomorrow. Another eight start Friday.

Start Loop Play
League play begins tomorrow in the Ches Mont, Central Penn., Keystone, Tri County, WPIAL, Sect. III of Dist. 10, the Black Diamond and Lehigh Valley circuits.

An unusual number of games between early season contenders dot the schedule. They include Duquesne (7-2) at McKeesport (7-2), Brownsville (8-0) at Monessen (7-2), Lebanon (5-1) at Steelton (6-0), Kulpmont (5-2) at Shamokin (7-2), Lansford at Mahanoy City and Hickory at West Middlesex.

Farrell's state champs, with a 10-0 exhibition record, unsurpassed by any major five in the state, have two long streaks to protect against once-beaten New Castle in a WPIAL Sect. 3 opener. The Steelers have won 28 straight since losing to Ambridge late last year. And they haven't lost at home in 76 games.

3rd Straight For Farrell
Farrell capped its third straight Farrell Tournament title last week by edging past Philadelphia Overbrook with a one point decision.

Two nights later Overbrook came back to win the 6th War Memorial Tourney, 75-74, over McKeesport in one of the best games ever played at Johnstown. Homestead won its own Invitational Tourney, beating Washington in the final for its 10th straight without a setback. Palmyerton of the Lehigh Valley league also has a 10-0 log after winning three times to take the annual holiday meet at Slatington.

Farrell is the only Class A district titleholder with an unblemished mark. Four others, Chester, Johnstown, Kane and Meadville, have lost once. Two, Pittsburgh Westinghouse and Williamsport have losing records so far.

Others Undefeated
Other holiday tournament winners included Scranton Prep at Scranton, Butler at Kane; Yeadon at Darby, Hickory at West Middlesex; and Emmasus, Bellevue, Wampum, Norristown and Upper Merionide. Allentown, Chester and Carlisle won holiday benefit encounters.

District Leaders
Here are the leaders by districts, based on won and lost records during December (DC denotes defending district champ):
Dist. 1—Yeadon 5-0, Chester 5-1 (DC), Upper Darby 4-0.
Dist. 2—Luzerne 7-0, Dickson City 7-1, Swoyersville 7-3, Plymouth 7-3 (DC), Nanticoke 6-2.
Dist. 3—York 6-0, Steelton 6-0, Clearfield 5-0 and Yeadon 5-0.

Other holiday games played included Scranton Prep at Scranton, Butler at Kane; Yeadon at Darby, Hickory at West Middlesex; and Emmasus, Bellevue, Wampum, Norristown and Upper Merionide. Allentown, Chester and Carlisle won holiday benefit encounters.

Selvy Likes Professional Basketball Despite Tough Schedule Requirements

(This is the second of two articles by Frank Selvy, All-America from Furman University who now plays in the National Basketball Assn. It was written especially for AP.)

By FRANK SELVY
MILWAUKEE—Going from college to professional basketball is when a boy becomes a man.

At Furman University, where I scored 2,538 points in three seasons, it was a tough week when we played two nights in a row. When we did that the games were usually close by. And only once did we play three or four nights in succession.

But with the pro's it's nothing to play five nights a week. We played a game in Baltimore one night, then went to my home town at Greenville, S. C., then to Raleigh, N. C., on to Boston and back to Baltimore.

A day off? Sure we had one. We spent an off day with a one-hour practice session in New York and the next night beat the Knickerbockers in Madison Square Garden, 110-107.

One thing we don't have to do now is study. We make up for that by traveling and playing.

Pro Ball Rougher
It's a very big change over college ball. Pro ball is a lot rougher. There is more physical contact. The pros guard you closer on defense. They get away with a little more when it comes to pushing and holding. It's

COLLEGE COURT PLAY TURNS TO LOOP BATTLES

By ED CORRIGAN
The Associated Press
The extracurricular holiday tournaments out of the way, college basketball gets down to the serious business of conference races this week.

For most of the schools, the 30-odd tournaments that dotted the nation for the past two weeks served merely as warmups. They are interested more in league titles and the resultant bids to the NCAA and National Invitation events in March.

So starting tonight, it's a brand new season. Only three major teams boast unblemished records—Kentucky, Auburn and Dartmouth. During the past week, no fewer than 10 undefeateds met their match.

4 Big Ten Games
Kentucky has looked so good winning seven games in a row that it's hard to see how any other club is going to beat it. Both Auburn and Dartmouth probably will taste defeat along the route. Auburn, in fact, must play Kentucky in Lexington Feb. 26.

The always-interesting Big Ten race moves into high gear tonight with four games — Indiana vs. Michigan, Wisconsin vs. Iowa, Ohio State vs. Michigan State and Northwestern vs. Minnesota. Wisconsin and Illinois got the jump on the rest of the league last Saturday and that one ended in an upset. The Badgers winning 79-64.

But the Illinois and Iowa still rank as the two teams to beat in the loop. If Wisconsin can get by Iowa tonight, then the Badgers also will bear watching.

La Salle clubbed St. Louis 88-79 in the only major game played last night. All America Tom Gola scored 34 points for La Salle, which probably will give Duquesne a tussle for the title of No. 1 independent in the nation.

Don Bailey of Penn State Is Star for East

SAN FRANCISCO (AP)—Quarterback Don Bailey of Penn State, who was expected to do little more than spell All-America Ralph Guglielmi but wound up as the game's most valuable player, credits Guglielmi with "teaching me more in 10 days than I've learned all my football life."

Bailey was a big factor in the East's 13-12 victory over the West in the New Year's Day Shrine charity football game at Kezar Stadium. He turned his team of All-Stars into a cohesive unit that played as if it had been a solid entry for three seasons.

The Penn State quarterback, who had never won an award before, received the William Coffman trophy as the game's most valuable player. He said he cried "for the first time since I was a kid," when it was announced he had won the trophy.

Run And Shoot
In pro ball it's a gruelling schedule for we play 80 games a season while in college a 25-game schedule is tops. One week we played five games in a row. Some teams are scheduled to play six straight nights.

In pro ball we're running and shooting all the time. I like it. I'll be going into the service in April. What I'll do when I get out depends on how I feel. I hope when I get out I can play some more pro basketball and then some day become a basketball coach.

Was Waiting For "Googly"
Bailey, a second stringer at Penn State until last fall, said he and Guglielmi spent long hours figuring "what would go" against the West.

"I started because I kicked off and, after that, for a long time, I was just waiting for 'Googly' to come off the bench and replace me," Bailey said after the game. "But I guess it's just a case of going with the guy that's hot."

Bailey went over for one TD on a quarterback sneak from one yard out. The East's other touchdown came on a pass from Guglielmi to Purdue and John Kerr.

Appropriately enough, it was another Penn State player—end Jim Garrity—who provided the one-point victory margin with his conversion after the East's second touchdown. Garrity's kick following the first score was blocked by California center Matt Hazeltine.

Buckeyes Held To 20-7 Win Over Southern Cal; Georgia Tech, Duke, Navy Are Winners

QUIET SESSION IS AHEAD FOR NCCA THIS WEEK

By HUGH FULLERTON JR.
NEW YORK (AP)—In spite of rumors and thinly veiled hints of a wild scrap over football television, some 1,400 representatives of more than 400 colleges and universities opened their week-long series of meetings today with every indication of a quiet session.

If there's any warfare during the five days when the National Collegiate Athletic Assn. and five allied bodies are scheduled to meet, it likely will be under a placid surface.

Indications are that no settlement of the hot television debate will be reached this week.

Some Threats
The Big Ten conference, leading opposition to the present national game—a week program, has dropped a few dire threats as to what may happen if its plan of national regional control of TV isn't adopted. But a source close to the conference leaders said the Big Ten won't make an open fight at the convention.

"We definitely will avoid any ultimatum," he said. "The showdown, if any, will come when the new committee shows its hand."

Have 5 Proposals
Five TV proposals will be presented and discussed at a round-table meeting Thursday. These range from a readoption of the 1954 plan to unrestricted football television. A preferential straw ballot will be taken for the guiding one of the incoming committee, but there won't be any directive. The convention will be asked to vote only on a resolution which calls for careful study of all proposals.

In addition to the NCAA, the American Football Coaches Assn., the American Assn. of College Baseball Coaches, the American College Public Relations Assn. (sports division), the College Athletic Business Managers Assn. and the National Collegiate Track Coaches Assn. scheduled meetings during the week.

Barons Start To Close In
By THE ASSOCIATED PRESS
The Cleveland Barons, perennial standouts in the American Hockey League, are starting to close in on the front-running Springfield Indians.

The Barons scored five goals in the third period to turn back Springfield 8-2 last night and move into a second place tie with Pittsburgh. Cleveland now is within four points of the Indians, who lost their first home game in nine starts.

The other two games last night produced overtime ties, Pittsburgh deadlocked Providence 2-2 and Buffalo played a 2-2 stalemate with Hershey.

Goalies, Harvey Bennett of Providence and Gil Mayer of Pittsburgh turned in fine net-minding jobs with Gerry Foley's goal in the third period giving the visiting Hornets their tie.

Buffalo scored a pair of goals in a wild third period to give the cellar-dwelling Bisons their second standoff in two nights with Hershey. Goals by Ken Wharram and Pierre Plote capped the Buffalo comeback as five major penalties were called.

The argument over whether Ohio State's unbeaten Buckeyes rated the national football championship over undefeated UCLA is about the only issue the Jan. 1 bowl games failed to decide.

None of the major postseason gridiron classics produced a real surprise even though Navy, which beat Mississippi 21-0 in the Sugar Bowl, relinquished the favorite's role after injuries and illness sidelined several first-string players.

Supporters of the Uclans, who finished a close second to the Buckeyes in the final Associated Press Poll, hoped Southern California would rise up and down Ohio State in the Rose Bowl. But the Big Ten champions went out to prove that they rated the No. 1 spot. True they defeated USC by only 20-7 compared to UCLA's 34-0 romp during the regular season, but rain during Saturday's game was not conducive to high scoring.

Favored Duke Won
So the followers of Ohio State and UCLA will continue their arguments.

Duke was the favorite to whip Nebraska, Big Seven runner-up, and the Blue Devils came through with ease 34-7 in the Orange Bowl. In the Cotton Bowl Georgia Tech was the choice to knock off 10th-ranked Arkansas. This the Engineers did 14-6.

The other major New Year's Day game produced a 13-12 victory for the Eastern

Christmas passed off pleasantly in our town. Business was generally suspended; and there were religious services in several of the churches. There were family reunions, giving pleasure, and reviving all the kindly feelings which so cheer the heart.

The Queen of England has given great offence to the friends of the Sabbath by having the French band of the guards play on Sunday afternoon at Windsor Castle.

On the 21st ult., at Dillsburg, by Rev. J. A. Murray, Mr. Eli Morret, of Cumberland County, to Miss Caroline Fickes of Adams County.

On the 21st, by Rev. Mr. Rosen- miller, Mr. Joseph Bowers, to Miss Susanna Harner—both of this county.

Communicated
Mr. Harper: Permit me through your paper, to acknowledge the reception of a rich and beautiful Riding Equipse, as a New Year's gift, from a number of gentlemen belonging to my congregation. The donation presented was well chosen in kind, as liberal in degree; and the persons whose names were appended to the accompanying note will please accept my sincere thanks for this token of good-will. . . . That they may see many "Happy New Years"—that Heaven may richly bless them in their deed, and reward their liberality, is the prayer of the recipient.

New Dress: For some time the STAR AND SENTINEL has not presented the appearance we desired, by reason of the type being well-worn. We are arranging to remedy this with a new dress. We had hoped to do so with the beginning of the new volume, but there has been unexpected delay. In a week or two we hope to have all arranged.

Theological Seminary: We understand that satisfactory arrangements have been effected for full instruction in the Theological Seminary during Dr. Brown's illness. Drs. Hay and Wolf will enlarge their instructions to cover a portion of Dr. Brown's department, and President Valentine, of the College, has consented to supplement their work by special lectures during the balance of the Seminary year.

Lost Without It: A lady subscriber at Harford, Conn., remitting her subscription for 1880, writes: "I have taken the STAR AND SENTINEL for 16 years, and should feel lost without it. Like a weekly letter it tells me what is going on in my native place."

Died: Annan.—Dec. 19, at the residence of his nephew, I. S. Annan, in Emmitsburg, Samuel Ebenezer Annan, aged 72 years.

Thomas: Dec. 19, in Menallen township, John William, son of Jacob and Catharine Thomas, aged 4 years, 6 months and 28 days.

Gettysburg Band: On Christmas morning the Gettysburg band entertained the town by their fine music. They repaired to centre square, where they performed several selections which were highly complimented by the musical judges of the town. The band is rapidly improving under the direction of Prof. Seng, who is not only a good performer, but an excellent teacher. We hope that the organization will prosper, and that Gettysburg will have a creditable band as one of its permanent attractions.

Today's Talk
RESTLESSNESS AND DISCONTENT
People who are not moved or troubled by restlessness and discontent at times will never make leaders. Thomas A. Edison once said that restlessness and discontent were "the first necessities of progress."

It is so often the case that when we think things look good and that we are fixed at a comfortable pace for years ahead, all of a sudden something takes away our confidence. Then it is that restlessness and discontent enter. But take that as a lucky sign. When people begin to fear they begin to fight!

Restlessness and discontent are "growing pains." Endure them with courage and a will. They clear the atmosphere. Every great and successful man or woman has known them—and mastered them. Lincoln spent many an hour in despondency, restlessness and discontent. At one time, it is said, he contemplated suicide. But from under all this he rose to become the leader of a nation during one of its darkest periods.

Satisfied people are soon forgotten for so many surpass them while they are only half awake. We should never be satisfied. Thomas A. Edison's last public message was an inspiring one. He said: "Be courageous! I have lived a long time. I have seen history repeat itself again and again. I have seen many depressions in business. Always America has come out stronger and more prosperous. Be as brave as your fathers before you. Have faith! Go forward!"

It's amazing how troubles, setbacks and discouragements quickly disappear when they are faced with courage and determination. It isn't what a man was yesterday, but what he is today. Most of us have known restlessness and discontent, but they pass as we pass them!

Tomorrow Mr. Adam will talk on the subject: "These Things Can't Be Taxed!"

Just Folks
A YEAR TO WAIT
Now Christmas lies a year away. The home is strewn with toys. I loved it just as much, I'd say. As little girls and boys. With them I hung my stocking, too. I've done that every year. To show those youngsters that I knew Old Santa would appear.

Though wisdom's often talked about
And highly praised by some,
I'd not be wise enough to doubt
That Santa Claus will come.
Their trust in me I want to earn
And every day receive.
I would not have the children learn
That I do not believe.

What if a piece of coal was all That gave me Santa would? It's fun to hear the children small say: "Grandpa wasn't good." But better still it is to show The youngsters watching there That, as I did long years ago, Their faith in him I share.

SCHOOL COSTS PROBLEM FOR NEW GOVERNER
By LEONARD A. UNGER
HARRISBURG (AP)—Financing the public school system in Pennsylvania is one of the greatest problems confronting Gov.-elect George M. Leader.

Education now claims 49 per cent of general fund appropriations of nearly a billion dollars. It will be up to Leader and the 1955 Legislature to revise means of providing revenue to cover 95 millions in automatically increased school costs in the next biennium.

Dr. Francis B. Haas, superintendent of public instruction, underlines the gravity of the problem by forecasting by 1960 there will be 263,000 more pupils in the public schools than at present. By the same date, 12,000 more teachers will be needed than now.

Increased Expenses
"It means that our current expense costs due to increased enrollment alone over last school year will increase in round numbers by 64 millions," he said.

The 1953 Legislature appropriated 348 millions for support of public schools in this biennium. Dr. Edward B. Logan, budget secretary, said it won't be enough—that the next Legislature will have to make a nine million dollar deficiency appropriation.

It's the first such deficiency appropriation in recent years.

The added 95 millions which will be needed under existing laws would have to be increased if lawmakers accept pending proposals for a \$400 a year boost in teachers' salaries in addition to the \$200 a year automatic boost teachers are in line to receive.

To Maintain Salaries
Leader, elected on the Democratic platform, has pledged to maintain teachers' salaries at a level which will attract competent people into the profession.

The governor-elect, however, has not committed himself on a specific figure.

State aid for construction of new school buildings, virtually suspended a year ago, will also be a target for action by Leader and the next legislature.

Building Halted
For a year, the ceiling has halted state approval of such borrow-and-building projects.

It has been estimated that as of last September the cost of authority-financed projects under construction or in the planning stage amounts to 560 millions. By 1960, this figure is expected to reach a billion dollars.

Apart from school subsidies for instruction and building, the lawmakers also will be confronted with a new boost in state aid for transportation of schoolchildren.

It's the same story in transportation. Costs are going up because of increased school enrollment. For example, the state appropriated only \$2,900,000 in 1933-35 compared to \$23,200,000 in the present biennium.

67½ Millions
Overall public instruction appropriations for school subsidies of all kinds amounted to only 67½ millions in the 1933-35 biennium compared to 385 millions in the current two-year fiscal period ending May 31.

In the same interim, the state share of costs was 22.4 per cent in 1933 compared to 42.8 per cent in 1952.

Property Transfers
The following property transfers have been filed with the office of the register and recorder:

The Mt. Pleasant Twp. School District sold to Simon G. Kuhn and wife, Gettysburg, at public sale, for \$2,275, a property in Mt. Pleasant Twp. known as "Brush Run School-house lot."

John E. Snyder and wife, Cumberland Twp., sold to Rex O. Galusha and wife of that township, for \$18,500, a property in that township.

T. C. McSherry and wife, Littlestown, sold to Samuel J. Snyder and wife, Littlestown R. 2, for \$2,075, a property in Littlestown.

Robert J. Staub and wife, Biglerville R. 1, sold to A. B. Hall Jr., Wallingford, Conn., for \$1, two properties in Menallen Twp., totaling approximately 35½ acres.

A. Pierce Mellett and wife, Butler Twp., sold to their son, Walter R.

Called "Ablest President"
News of the death of Remon—rated by many Western leaders as the ablest President Panama has had in its 52 years as a republic—brought expressions of grief from shocked leaders in the United States. The other dead were identified as Jose Peralta of Panama's secret police, who was with the President, and Danilo Sousa, former swimming star. Sousa was believed killed by police bullets but it was not immediately known whether he was among the assailants or got caught in the cross fire.

The wounded were Alberto de Obarrion, manager of the race track; Joaquin Borrell; and Antonio Anguilosa.

Remon's widow Cecilia was in Miami to attend the inauguration of Florida's Gov. Leroy Collins at Tallahassee tomorrow. She immediately took a plane back to Panama.

Controller General Roberto Herutemate, now visiting in Washington, said Remon had heard six weeks ago of a plan to assassinate him "but he was not the kind of man to run from danger."

Says School Funds Need "Revision"
HARRISBURG (AP)—State Sen. Joseph M. Barr, Democratic state chairman, considers the present method of distributing state money to school districts "outmoded" and in need of "drastic revision."

Barr said over the weekend that the incoming administration of George M. Leader plans a long look at the distribution plan with the idea of "placing it on a more equitable basis."

The state chairman also disclosed the Democratic party plans to do away with the ceiling on state aid for school construction that has held up construction in many cases.

TRUCK DRIVER IS SUFFOCATED
A 51-year-old Dillsburg R. 3 man was killed by suffocation in a freak accident at 3 p.m. Saturday to become York County's first 1955 traffic fatality.

Dead was Arthur E. Barlup, 51, a truck driver for Pennsylvania Power and Light Company. Coroner Lester J. Sell said he died of suffocation and received no other noticeable injuries when a car carrier on which he was working rolled up against his back and forced his head down into his legs. Barlup, a York County native, resided near Mt. Pleasant, Monaghan Twp.

Working on the tractor with Barlup was his son-in-law, George Smith, Mechanicsburg R. 3, who jumped into the cab and backed up the tractor but the victim, according to Sell, had already suffocated. The tractor-trailer had been parked headed downhill with blocks in front of the wheels. It suddenly jumped the blocks as Barlup sat in front of one of the rear wheels.

He is survived by his wife, Mrs. Cynthia Barlup; two children, Mrs. Smith and Mrs. Samuel Shaw, both at home; his mother, Mrs. Flora Barlup; Union Deposit; two brothers, Jesse Barlup, Marysville, and Ervin Barlup, Duncannon; and five sisters, Mrs. Carrie Hain, Union Deposit; Mrs. Alvin Bushey, Wormleysburg; Mrs. Herbert Walters, Carlisle; Mrs. Scott Brinton and Mrs. Clyde Ritters, both of Ebers R. D.; and four grandchildren.

Funeral services Tuesday at 2 p.m. at the Myers Funeral Home, Mechanicsburg, with Edgar Pawley, reader of the First Church of Christ, Scientist, Carlisle, officiating. Interment in Rolling Green Cemetery, Camp Hill.

State Slashes New Year's Violent Deaths By 20 Over Christmas Weekend Totals
By THE ASSOCIATED PRESS
Pennsylvania cut its toll of violent deaths more than in half New Year's weekend from the tragic total of Christmas weekend.

Where 31 died of violent causes over the 54-hour Christmas period from Friday night at 6 until Sunday midnight, only 11 died in the same period this past weekend.

A week ago an Associated Press compilation showed that 25 deaths in the commonwealth stemmed from motor vehicle accidents. The toll over the New Year period was 10. The other fatal last weekend resulted from a shooting. A week ago, others died in an airplane crash, a shooting, fires and a drowning.

Traffic Accidents
Killed in traffic accidents yesterday were:

Carol Baken, 19, of Crafton Heights near Pittsburgh, in a two-car collision in Pittsburgh.

Raymond D. Gicker, 45, of West Leasport R. 1, near Reading, when he was struck by an auto in front of his home.

Elwood E. Schaffer, 17, a senior at Loyalsock High School in Forks-ville, near Towanda, died yesterday in Robert Packer Hospital, Sayre of injuries suffered in an auto accident Saturday night along Rt. 87 near his home.

Robert L. Keim, 66, of Summit Mills near Myersdale, died yesterday. He was struck by an auto on a highway near his home Saturday. State police said the driver failed to stop.

Killed Saturday in auto accidents were:

Crashes Parked Truck
Michael J. Taormina Jr., 9, of Windber, when an auto driven by his father crashed into the rear of a parked truck in Johnstown.

Burley T. Sheldner, 22, of near Johnstown, when his car went out of control and smashed into a wire mesh fence in Johnstown.

Killed Friday in traffic mishaps were:

Robert J. Ogden and Robert O. Snyder, both 21 and of Scranton, when the car in which they were riding went out of control and crashed into a stone pillar on U. S. 611 nine miles east of Scranton.

Raymond S. Robinson of Bolivar, Indiana County, Police said Robinson, a miner, apparently tried to pull a mine pony from the path of an automobile.

Cyclist Is Killed
Francis Freer, 16, of Emporium, when he was struck by a car while riding his bicycle near his home. The impact of the first

CRASH THREW THE BOY AND HIS BIKE INTO THE PATH OF ANOTHER AUTO.
Other violent deaths included:

David Rodgers, 21, of Berwyn, was shot and killed, police said, by two companions five minutes after the New Year opened. Police held George McFarlin, 24, of Wilfred Lewis, 24, both of Malvern. Lewis was charged with carrying a concealed weapon and McFarlin with first and second degree murder. Police said the shooting occurred following an argument.

Three Pennsylvanians were killed in out-of-state auto accidents. Colin C. McInnes, 50, of Prospect Park, was killed near Longport, N. J., Percy Cleveland Ruby, 17, of Artemas, Bedford County, was killed near Cumberland, Md.; Edward Kurtz, 24, of Berwyn R. 1, died early today in Monroe County Hospital, East Stroudsburg, Pa., from injuries suffered in a two car crash on Rt. 46 at Columbia, N. J. Krutz' wife, Romaine, 23, was reported in serious condition.

52.3 degrees. The coldest day came on January 18 and the hottest was July 31.

The year was far below normal on snow with a total of only 12.85 inches. Normal for the last 50 years here is about 30 inches. The most snow came in January when more than 10 inches fell.

Longer Growing Period
The year brought its share of weather extremes with Hurricane Hazel getting most of the headlines. Drifting snow on January 12 closed many roads and blocked school buses. There were fogs, sleet, hail, freezing rains, thunderstorms with "Hazel" October 15 probably causing the most damage by wind of any single storm of the year.

The growing period in 1954 was 181 days which was longer than that for two years preceding. The span between freezes in the spring and fall stretched from April 10 to October 8 last year. In 1953 the growing period numbered only 169 days, 177 in 1952 and 199 in 1951.

Last year had less snow than 1953 when 19.3 inches fell as compared with 12.7 inches in 1952. The year 1953 was more than two inches short on rain.

Reported To Be Opposed
Senators Kerr of Oklahoma and Mansfield of Montana said they wanted to hear what Ridgway had to say about plans to reduce Army strength by 243,000 men to a new level of 1,100,000 by June 30, largely through sharply trimming draft calls. A further paring of 100,000 Army men is projected for the year following.

On Friday the unofficial Army-Navy-Air Force Journal reported that Ridgway had protested the Army cuts in a letter to President Eisenhower.

In a move toward thinning its ranks, the Army announced on Friday it hopes next May and June to discharge 44,000 draftees as much as two months before their 24-month hitch is up. This plan still must get final approval. Also tabbed for early release would be about 3,400 reserve lieutenants.

DEMOCRATS SET TO TAKE OVER NEW CONGRESS

By WILLIAM F. ARBOGAST
WASHINGTON (AP)—Filled with hope and mindful of the elections two years away, senators and representatives headed for the capital today for the opening of the 84th Congress Wednesday.

Technically, they should be convening at noon today, since the Constitution sets Jan. 3 as the opening date. However, it permits a change for the convenience of the legislators, and the outgoing 83rd Congress decided it would be more convenient to meet Jan. 5.

Thursday, President Eisenhower will deliver before a joint session his annual message on the state of the union.

The President, who returned to Washington last night from Augusta, Ga., where he had spent the holidays, arranged to confer this afternoon with members of his Cabinet and Republican congressional leaders. Presumably he planned to give them a preview of his Thursday message, traditional vehicle for outlining legislative recommendations.

The first order of business in the new Congress will be formal transfer of control of the Senate and the House from Republicans to Democrats.

The last time that Capitol Hill was controlled by one political party and the White House by another was in 1947-48, under Harry S. Truman.

Eisenhower is not expected to fare as badly as Truman. A coalition drawn from Democratic and Republican ranks seems likely to approve the main portions of what Eisenhower calls a "progressive moderate" program.

Rep. Sam Rayburn of Texas, will replace Joseph W. Martin Jr. of Massachusetts as speaker of the House. Lyndon B. Johnson of Texas will become majority leader of the Senate, replacing Sen. William Knowland of California. Martin and Knowland assume minority leadership posts.

Democrats control the House by 231 to 203 seats and the Senate by 48 to 47. There is one vacancy in the House, last held by a Democrat, and one independent seat in the Senate.

Rayburn and Johnson will be designated for the top spots at party caucuses tomorrow.

Freak Hurricane Is Fading In Caribbean

MIAMI, Fla. (AP)—A tropical storm, born with the new year, diminished in intensity today but continued to move west-southwest through the Caribbean below Puerto Rico at about 10 m.p.h.

A wintertime rarity, the storm was described as "very small" by the San Juan, P.R., Weather Bureau. Winds are estimated at 50 to 55 m.p.h. near the center.

The storm is centered about 150 miles south-southwest of St. Croix, Virgin Islands. It is approximately 1,300 miles south of Florida.

All storm warnings in Puerto Rico and the Virgin Islands have been ordered lowered.

The storm, described yesterday as a baby hurricane with winds near the center estimated at 65 to 75 m.p.h., was named Alice because it was the first hurricane of 1955.

Boy Is Charged With Murder Of His Father
CHARLESTON, W. Va. (AP)—William Hallman, 18-year-old former Norristown, Pa., boy charged with the murder of his father, is being held in Kanawha County jail pending grand jury action.

Hallman was placed in jail Saturday after he waived a preliminary hearing before Mayor W. W. Alexander of Nitro, following his return to Nitro from Norristown by state and Nitro police.

Hallman, now a resident of Nitro, is accused of shooting his father, Albert, 43, as the father slept Dec. 19 in their home. Wounded in the affray was Mrs. Helen Scudder, 35.

282 HOLIDAY ROAD DEATHS TOP ESTIMATES

By THE ASSOCIATED PRESS
The toll of motor vehicle accident topped Safety Council's estimate of 240, and it prompted Ned H. Dearborn, council president, to ask: "What more do we need to bring us to our senses?"

Traffic accidents between 6 p.m. local time Friday and last midnight cost 282 lives.

During the period 27 persons died in fires and 36 in a variety of accidents for a total of 345 violent deaths. The over-all total for the 1948-49 New Year weekend was 309.

Dearborn called the slaughter a "national disaster."

Hazel Was A Piker
"Hurricane Hazel, which swept up the East Coast last fall, was a piker compared to the tidal wave of carelessness, selfishness and cold indifference that is piling up a holiday death toll on our highways which should shame any civilized nation," he said.

Hurricane Hazel caused 118 deaths.

In a comparable nonholiday week end in December, an Associated Press survey showed there were 225 deaths in traffic accidents, 39 in fires, 67 in miscellaneous accidents.

On Safe Driving Day, observed by the nation Wednesday, Dec. 15, there were 51 traffic deaths.

The protruding right or bedroom wing of the house and the porchway protecting the front door dress up the exterior appearance of "The Beck"; they help to give this house an individual appearance so that it doesn't look as if it were cut from the same identical mould as a host of other houses. If you want a home with a "personality" you'll like "The Beck."

Extending from the house proper to the one car garage is a covered deck which adds to the over-all exterior appearance of the house and also helps to give it a distinctive look. This covered deck is a practical feature, too; one that you'll especially appreciate during stormy weather because it provides protection for you, or other members of your family going to or from the garage. If you do so desire, the covered deck can easily be enclosed and used as a regular porch.

Another decorative and practical feature to which "The Beck" owes a goodly share of its charms is the large expanse of picture window in the front wall of the living room. Inside as well as outside you'll reap decorative benefits from this handsome picture window. And, to show it off to advantage be sure to plan your living room decorations with the picture window in mind.

To give further individuality to "The Beck" and, of course, to make it more colorful and attractive as well, you can use blinds and multi-colored roofing to advantage. With any home proper landscaping can go a long way toward giving that house an individual appearance—one that reflects the personality of the family who calls that house home.

Measuring 39'x24', "The Beck" can be built on a 60 foot lot. Cubage of the house is 20,300 feet; cubage of the garage is 4,200 feet. "The Beck" can be built on any type of a site but will be set off to its best advantage if you have it placed a good distance back from the street or road.

Inside, "The Beck" is just as attractive as it is outside; all the

rooms are planned for comfortable modern living. There's plenty of conveniently placed storage space in this five-room house. Both bedrooms enjoy excellent lighting and cross ventilation and the carefully arranged kitchen makes KP duties easier and more pleasant.

Since there's no room in the house proper for the laundry, it must be installed in the basement of "The Beck." You should have the laundry under the kitchen. Then, the heating plant can be placed under the living room.

Prophet Of Doom Under Special Care

CHICAGO (U) — Mrs. Dorothy Martin, leader of a movement which foresaw disaster for much of the United States on Dec. 21, will be placed under psychiatric care, police said.

Police Chief Thomas P. Kearin of suburban Oak Park said Friday that an agreement has been reached with Mrs. Martin's husband Harold whereby she will receive treatment in a state other than Illinois.

Mrs. Martin predicted that violent eruptions of the earth and tidal waves would destroy parts of the continent Dec. 21. When her prophecy failed to materialize she said she and her associates would be picked up Christmas Eve by flying saucers. The saucers did not appear.

An associate of Mrs. Martin's, Dr. Charles A. Laughhead, of Lansing, Mich., was declared sane Friday after a court hearing. Dr. Laughhead had lost his post as a Michigan State College staff physician over his interest in the prophecies.

DEMOCRATS ARE SEARCHING FOR ELECTION DATA

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (U) — If the Democrats could put into a newspaper ad what is going on in their heads as they take over control of the new Congress Wednesday, it would go something like this:

"Wanted: one or more good issues during the next two years of this 84th Congress which will enable us to win the 1956 elections, including both the presidency and control of Congress again."

The Republicans, of course, wish the same. But at this moment there is not a single issue which anyone could say positively would be of sufficient magnitude in 1956 to mean victory or defeat for one side or the other.

Thin Margin
When the Democrats won control of Congress in November, they did so by a paper-thin majority. By itself that was significant.

It meant the voters themselves recognized no great difference between Democrats and Republicans.

In a time of great prosperity like this, when people are earning and eating well, they feel no need, and

make no demands, for either great reform or radical change. For that reason the programs of the two parties, which have to reflect the popular mood in order to succeed, tend to be moderate.

This mood would change, of course, if there were some sharp alterations in the present prosperity of the country. For example, a depression.

Plausible Poll Prospects
Then the party which could offer the most plausible remedy, and could escape the most blame, would have the best prospects at the polls.

Democrats are talking now of making investigations which may provide issues, if only temporarily. For example, investigations into the government security program for its employees; into the reduction of military manpower; and into the field of public vs. private power.

All three may give the Democrats political talking points but it is questionable that they will still be issues by 1956 or that they will be sufficiently exciting to make such difference to voters.

Obstructionism Out
At the same time the Democrats must take care that, in their search for issues, they don't hamstring or obstruct Eisenhower's program. Republicans could use Democratic obstructionism to political advantage.

VIEWERS VARY ON MINIMUM WAGE CHANGE

WASHINGTON (U) — Sen. Murray (D-Mont) said Saturday President Eisenhower's expected request for a boost in the minimum wage to 90 cents an hour is a "very good move," but doesn't go far enough. "They ought to make it a dollar," said Murray, who is due to resume the chairmanship of the Senate Labor Committee after the Democrats formally take back control of Congress next week.

However, Sen. Russell (D-Ga) said he would want to study carefully any proposed increase in the wage floor from the present 75 cents because he said it would mean a raise in farm labor costs at a time when farm prices are declining.

Russell explained that a rise in the minimum wage would result in pay boosts in small Southern saw mills and that this, in turn, would lead to higher farm labor costs.

The Planning Committee, made up of the presidents of the participating youth organizations in the town's churches, will meet next on Sunday, January 16, at 3 p.m.

James C. Hagerty, announced in Augusta, Ga., yesterday that the President would propose a "substantial percentage increase" in the minimum wage in his State of the Union message to Congress Jan. 6.

Hagerty declined to say how much it would be, but reliable reports set it at 90 cents.

MALENKOV NOT SAYING HE'LL OK BIG 4 TALK

MOSCOW (U) — Premier Georgi Malenkov sidestepped a direct answer Saturday on whether he would welcome Big Four talks to settle world problems. But he did say he favored diplomatic negotiations to settle Far East differences.

Replying to questions submitted by an American newsmen, Malenkov repeated the Soviet theme the efforts to rearm West Germany, the arms race and a "network of American military bases around the Soviet Union and other peace-loving states" were the chief reasons for existing tension.

Published in Russian

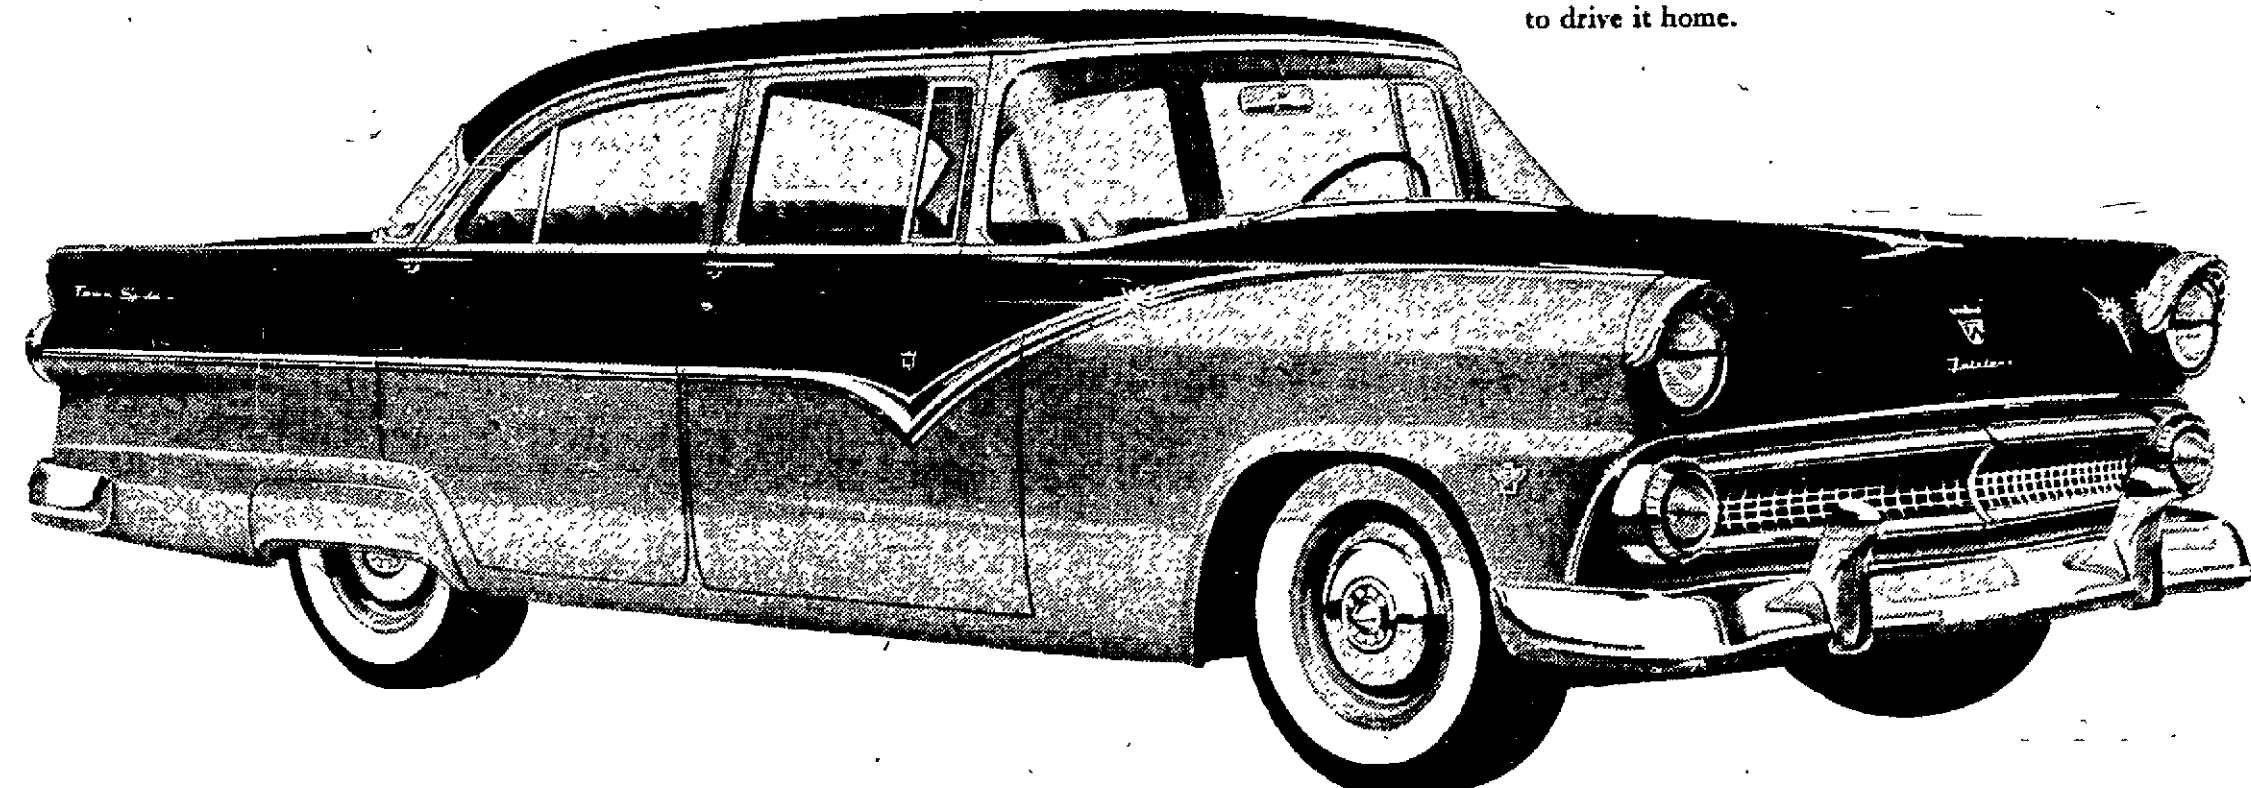

The six questions were from Charles Edward Shutt, Washington bureau chief for Telenews. His queries and Malenkov's answers were published today in all major Soviet newspapers.

Asked if he would welcome "diplomatic negotiations leading to a conference between the heads of the governments of France, Great Britain, the U.S.S.R. and the United States," Malenkov indicated he thought the Western Powers were gauging up on him in advance of any such talks.
